

2011-2012 Program Alert and Documentation Schedule for New AAS and Technical Certificate Program Proposals

New Technical Program Submission Timetable: The table below indicates the approval steps (committees) that a new program proposal follows in order to be approved by KBOR. KBOR staff requires a complete submission packet prior to issuing a program alert. Staff uses the submission packet to generate an "executive summary" of the new program proposal which is then submitted to the respective committees prior to the committee meetings. A representative of the college submitting the proposal is encouraged to participate via phone or in person to answer questions which may arise during discussion.
